BOURBON WHISKEY

At 86 proof, Lexington Bourbon combines the highest quality select grains of rye, malted barley and corn with purified water. The rye provides the perfect level of spice, while the malted barley allows the sweetness of the corn to peak through, creating a sensational taste. The resulting flavor boasts deep aromas of the aged oak with a hint of vanilla. With a rating of 95 by Tasting Panel Magazine, Lexington Bourbon is guaranteed to make a serious impression on our palate with every sip.
