**Hunt Ox Ranch where large herds  
roam the Texas Hill Country!**

Our friends at Ox Ranch have generously donated an exciting plains game adventure for 1 hunter and 1 nonhunter for a fabulous weekday (3-day/2-night) for one Blue Nilgai Bull (trophy fee included) for the 2023 hunting year! When Ox Ranch offered the Blue Bull, the first question was, "What is a Nilgai?" **The answer is one of the best kept secrets outside of Texas!** The Blue Bull is one of the hardest trophies to harvest because of their keen eyesight, great sense of smell, wary nature and tough skin! They were introduced to Texas via zoo transplants in the 1930's on the famous King Ranch! Among the interesting facts about them is that Nilgai, known for its coarse blue hair, can be observed marking their territories with defecation on poop piles as tall as 10 feet high; 50% of their births are twins; they can go days without water; they can live in the wild 12-13 years; and their meat is described as beef-like with lower amounts of fat!

Enjoy your stay on Ox Ranch in a luxurious antique Kentucky Log Cabin and be treated to incredible gourmet meals in the lodge which features massive stone fireplaces, vaulted log ceilings and overlooks a glistening lake. Hunt also includes field prep and skinning of trophies, transportation during the hunt, and an experienced guide. Hunt is upgradable for extra nights: hunter \$625 p/p/p night; non-hunter: \$400 p/p/p night; extra weekday hunters: \$1250 p/p/package; nonhunters: \$400 p/p/p night. 60+ species can be added to your hunt per the website. Not included: gratuities & expenses prior to arrival/departure from Ox Ranch.

Ox Ranch, located less than 2 hours west of San Antonio, is legendary for its Native & Exotic hunting which includes whitetail deer hunting, turkey hunting, plus 60+ additional species!
