

Item # 7 African Elephant Hair Two Tone Necklace and Pendant

SAFARI JEWELRY

Two Tone African Elephant Hair Necklace and Pendant

This beautiful two-tone necklace is made with multiple strands of 16-gauge Sterling Silver wire. The knots are made of contrasting 14Kt Gold Fill.

This elephant head pendant is an ideal addition to any of our necklaces including the two-tone necklace and synthetic necklace as well as any chain you might already own. The head

measures approximately 1 3/8" tall and 1 5/8" wide without the clasp. The bail clasp easily opens and closes to attach to any necklace so you don't need to worry about making the pendant a permanent accessory on any single necklace.

This gold elephant head has a solid .925 sterling silver base metal with a 14k gold vermeil overlay. Gold vermeil is much higher quality than traditional gold plated jewelry and makes a wonderful alternative to solid 14k gold

Retail Value: \$500
